Palm Springs Population Shows 116 Percent Gain

1950 Figures Show 7,428 People Here

Palm Springs Now Third Largest City In Riverside County

Palm Springs is now the third city in size in the county having passed Banning in the past decade, according to official figures released by Mayor Charles Farrell yesterday.

The Village now lists 7428 persons as against 3434 in 1940, a gain of 116 per cent, the largest gain in the county.

Long the second city in the county in assessed valuation and wealth, the Village drew nearer that position in population, too.

TEN YEARS AGO, Palm Springs was the fourth largest city in the county. Since then it has doubled in size. In 1946 the population at a special census was 7213.

Indio, with 77 per cent gain over 1940, showed the second largest growth in the county.

Although the Village growth was more than 100 per cent, Mayor Farrell expressed disappointment. He had estimated the city would show at least 8000 permanent residents.

THE VILLAGE is in a peculiar position, he said, in that while all other indices of population—schools, utility connections, and the like—show a much greater population than do the census figures, the city collects from the state on gasoline tax and motor vehicle fees only on the basis of the census figures.

In other words, it has many more people for whom to provide on a lower per capita allocation basis.

RIVERSIDE COUNTY'S population is 168,959 according to the census figures announced by County Chairman Floyd Gilmore. This represents a 60 per cent increase over the 1940 figures of 105,524. Riverside city's population was given at 46,399, a 116 per cent increase.

Census results from Corona are not yet given out. It is the only city for which figures have not been listed.

Palm Springs' increase of 116 per cent was the largest in the Riverside-San Bernardino county area so far announced.

By county communities, the figures are:

	1950	1940	Pct. Inc.
Banning	7022	3802	85
Beaumont	3143	2208	42
Blythe	4086	2330	75
Coachella	2743	1552	32
Colton	2054	1295	30
El Centro	3271	2285	30
Indio	5281	2935	77
Palm Springs	7428	3434	116
Perris	1796	1011	78
Riverside	46399	34696	34
San Jacinto	1760	1356	30

This Side Of the Sun

By Phat

And now, you guys, Gals, too, get wise. Long holiday's ahead. To be alive. On July five. Just do not be caught dead.

Simple, isn't it? Just be alive Saturday, Sunday, Monday and Tuesday and you'll be around Wednesday to attend the council meeting and discuss the budget. Or, if that is to much for you, there are lots of quieter things to do.

THIS YEAR has lots of long holidays. We've had Memorial day—four days for a lot of people. Now comes the Fourth of July, also four days because plenty of people are figuring on taking off tomorrow and not coming back until Tuesday night. That is, they are planning on coming back. Then the next one comes in September, a three-day Labor day rest. And last but not least, Christmas and New Year's Day will be three-day affairs. The latter may even be longer if unwisely spent.

MANY PEOPLE disappointed me during those delightful June days. I had a ready answer for any who postcarded me: "Slept under two blankets last night." The answer was going to be: "SO DID I." But the first one of those cards I got was yesterday morning after the first warm night of the year. But I sent the prepared answer any way. Poetic license. At this rate, here it is. See THIS SIDE, Page 4

1000 Volunteers Asked as Air Raid Warning Net for Riverside County Revived

Formation of a county unit of a coastwide civilian air raid warning system was started Thursday when Col. H. G. Halverson, chairman of the county disaster council received word from the state disaster council asking for action.

Robert Peterson, city treasurer and head of the local disaster council was awaiting official confirmation of the report from Col. Halverson late yesterday.

The plan, as outlined, is to list 1000 volunteers in the county. They will submit their names to the city clerk in each of the county's 12 incorporated cities and to the nearest sheriff's substation in unincorporated areas.

Peterson said the local set-up would be determined when official word was received.

ACTION ON RESERVATION CONDEMNATION HELD UP

Placarding of 25 homes on the Indian Reservation originally scheduled for Wednesday was postponed at the last minute when Fred Rugg, state housing officer, who made the original inspections, was unexpectedly called to Los Angeles.

P. M. Swart, Palm Springs building inspector who was due to accompany Rugg, Dr. O. B. McRory and a representative from the Riverside County Health office on the Reservation to post the placards, said the job will be done next Thursday.

DR. EVERETT M. STONE, county health officer announced that the move to condemn the first group of homes on the Indian Reservation as "unfit for human habitation," was being done on orders and instructions from the state of California.

"We have no alternative," declared Dr. Stone, "but to carry out the order of the state." State Inspector Rugg is needed here, it was pointed out by the county health office, because he made the original survey and will be a witness in the event condemnation actions are taken by either affected tenants or Indians who own the lands on which the houses stand.

POSTED PLACARDS on the 25 dwellings said Dr. Stone, will permit the inhabitants to correct violations within 30 days. "If the property owner or tenant does not comply with the law within the stated time," Dr. Stone said, "they will be cited for further action."

The county health officer said that the initial group of placards to be posted will be followed by additional inspections showing the worst violations," said during the recent survey by State Inspector Rugg.

"IT IS MY BELIEF that the first group we are moving against Dr. O. B. McRory. "It would pay others on the Reservation to correct their dwellings to comply with local and county laws before the state moves against them."

The area in which the placards will be posted today is in the Patencio and Clem Segundo tracts, it was reported. More than 100 families will be affected.

That's what Don Cameron, Cliff Henderson and Ole Oleson said Tuesday of the great frolic "Hellzapoppin'" held the night before at Shadow Mountain club as a benefit for the Palm Desert fire department.

More than 2000 persons attended the event which started early and lasted late. Oleson was in charge of the show and the many acts and other forms of entertainment delighted the throng which dined, danced and had a general good time.

Pool to Remain Open Tuesday

The swimming pool, open to the public at Palm Springs high will be open Tuesday, July 4, on regular hours although the recreation centers at Frances S. Stevens and Cahulla schools will be closed Monday and Tuesday for the Independence Day holiday.

Offices of the Palm Springs Unified School district will also close Monday and Tuesday, Dr. A. G. Hoff, superintendent said. Unless the bus system set up to transport people to the high school is better patronized, Dr. Hoff said, it will be discontinued next week end.

Admitted federal government's bungling of the sale of the El Mirador, famed before World War II as one of the favorite resorts for national and international society, is believed now to have cost the government around \$500,000 and the city of Palm Springs thousands of dollars in taxes.

The combined loss by the government in a higher sales price of the hotel and continued lack of taxes for the city is expected to continue to mount for additional months, while an attempt at a negotiated sale of the property is made by Robert Bradford, regional administrator for the Liquidation services of the General Services Administration, San Francisco.

IT WAS BRADFORD last week in a telephone communication with the Desert Sun who announced that the "four month attempt to salvage the sale of the El Mirador Hotel to two ex-

ert Sun, much to Bradford's surprise, that Nelson had withdrawn "all interest in the purchase in utter dismay and disgust with the government's handling of the sale." This statement was attributed to Nelson by reliable sources in Washington, D. C.

Bradford's admission that the unprecedented four month period in accepting and completing a government sale to a high bidder as his fault was in direct variance with other reports from the nation's capitol.

APPROXIMATELY 12 hours before Bradford announced that Frank Gardner and assignees had "withdrawn from the sale" the Liquidation department of the General Service's administration was instructed to "extend as much time as Frank and Gardner wanted in order to amplify their \$3,000 deposit with an additional \$162,000," the to-

down payment asked by the government.

About this time information reached The Desert Sun that Congressman John Phillips had made a call on Administrator Larson of General Services Administration, in Washington. Among other items discussed, Mr. Phillips sought an extension of time for the Palm Springs Community Hospital in its occupancy of one building part of the El Mirador sale-parcel.

THE NEXT DAY word was flashed to Palm Springs that Larson had ordered the General Services Administration to drop negotiations with Frank and Gardner immediately. This reported action was followed the next day with the report from Bradford that the two high bidders "were no longer interested in the El Mirador," more than four months after their bid was submitted.

MEANWHILE, according to City Manager Russell Rink, the city has been losing a maximum of approximately \$4,000 per year in taxes.

"Of course we do not know what the assessed valuation of the El Mirador would be in operation or what the personal property tax would be either," Rink pointed out. "The \$4,000 figure could be much bigger."

Frank and Melba Bennett had testified before a House in called that the same two GIs vesting committee probing the sale handling of the El Mirador three years ago, that neither Frank or Gardner, who even then were the highest bidders, (they submitted a bid of 1,200,000) had any hotel experience; one had been employed by the War Assets Administration now succeeded by the General Services administration, in the purchase of the property.

People are crowding into California from many States. Our desert wonderland, the beaches and the mountains are the magnets which have brought them to the west coast. These new home-seekers know that in California they can work and play in an ideal climate free from extreme seasonal changes. They want to enjoy the experience of summer in winter.

The rapid growth of Palm Springs presents many unforeseen problems which must be met by the City Council. Opposing forces, organized to place obstacles—however well intended—in the path of our duly elected representatives, only serve to delay the solution of problems. Our job, as citizens of Palm Springs, is to help—not hinder—the City Council. The voice of cooperation is far more effective than the voice of criticism.

Final Budget Action Slated Wednesday

Council Meets Today To Close Business For Fiscal Year

City Councilmen in an all-committee meeting Tuesday night at the Racquet Club voted to hold the final meeting of the current fiscal year at 9 a. m. today instead of 7:30 p. m. The session will be conducted by Mayor Charles Farrell in council chambers at the city hall.

It was also voted to postpone adoption of the proposed operating budget for the fiscal year of 1950-51 until the regular session of council July 5, City Manager Russell Rink announced yesterday.

RINK SAID the meeting Friday morning will concern routine city business such as deciding on the payment of all bills incurred during the 1949-50 fiscal year which ends today, and consideration of salary adjustments for city employees based on a coded bracket which provides pay increases based on efficiency and length of employee service to the city.

It is known that the representatives of the Property Owner's Committee for Economy in government will be on hand at the regular session of council July 5 when the new city budget comes up for adoption. Foster Simonsen member of that organization filed a lengthy written report seeking alterations, deletions and offering suggestions in city spending of tax money.

Jury Acts Swiftly In Drunk Case

It took a jury of 10 women and two men, all Villagers, 20 minutes to return a verdict of guilty in City Judge Eugene E. Therleau's court, against Lester Crabb, charged with drunk driving.

Warren Slaughter, assistant city attorney prosecuted the case.

Crabb was taken into custody by Sgt. Jim Maynard and Officer John Hollinger June 13 when they noticed that he was driving his automobile in an erratic manner. He pleaded not guilty when arraigned and asked for a jury trial.

Crabb was returned to the Riverside county jail to serve a sentence of 30 days meted out by Judge Therleau. He had already served 16 days in the county bastille awaiting trial, but the time cannot be subtracted from his sentence yesterday.

Village to Close Tightly Tuesday

Palm Springs is going to close up tightly next Tuesday. Banks, city offices and county offices will take the holiday and holiday hours will be in effect at the post office and other public institutions.

Most stores will close for the day.

15 Youngsters Join Junior Rifle Club

Fifteen Village lads ranging in age from 8 to 16 were on the Palm Springs police firing range June 27 to receive instructions in the handling of firearms from Officer W. L. Jessup, former member of the U. S. Marine champion rifle team.

\$496,887 Lowest Bid on New Hospital for District

Warren Coble Appointed General Chairman of 1950 Western Week, Oct. 26-29

President Bob Bennett of Los Compadres club Wednesday said that he had appointed Warren Coble to head the 1950 version of Western Week and that plans were under way for the big Fall celebration.

Coble and Bennett will get together within a few days to name chairmen of the various departments of the celebration so that all committees can function throughout the summer preparing the event.

Tentative dates, said Bennett, have been set as October 26, 27, 28 and 29—but it may last all week.

Coble has been a Villager for 18 years, is owner of the Lazy C ranch and a member of Los Compadres since 1940.

KENTUCKY PREPARING GREAT VACATION AREA

By OLIVER B. JAYNES

MURRAY, KY., JUNE 25

Famed for thoroughbred horses, bourbon whiskey, mysterious underground caverns and southern hospitality, Kentucky can now boast of the world's largest man-made lake. From the huge Kentucky dam about 20 miles east of Paducah, Kentucky Lake extends south across the blue grass state and Tennessee to the Alabama state line—184 miles long. Developed by the Tennessee Valley Authority for flood control, navigation and power—a series of more than twenty dams hold back the waters of the Tennessee river and its tributaries to form a series of small slack water lakes before the stream widens out to create Kentucky Lake. A navigation channel has been provided from Paducah—where the Tennessee joins the Ohio—all the way down to Knoxville for a distance of 627 miles. The electrical generating capacity of TVA is 2,750,000 kilowatts which it distributes over 7000 miles of high voltage lines.

and recreational possibilities of Kentucky Lake hold much more interest.

Along its 2300 miles of wooded shoreline—more than the state of Florida—there will be developed scores of resorts with excellent fishing grounds nearby. The lake abounds with bass, crappie, catfish, bream, stripes, perch, muskies, pike and many others. Quite calm during the summer months except for an occasional storm, the lake is a delight for boat fanciers—whether it be a light canoe, sporty sailboat or luxurious cabin cruiser.

THOUSANDS of vacationists from all parts of the country will visit Kentucky lake this summer. Two areas have been

TAXPAYERS GROUP URGES VOTE ON EXPENDITURES

Another series of questions on city finances was laid before city officials and council yesterday by the newly organized Property Taxpayers Committee for City Economy. Among top questions was that of special elections to govern expenditures. Principle question asked was in regard to unused bond monies which, it is claimed, cost taxpayers \$4,625 per year in interest. An election to determine

A top of \$10,000 was suggested with a vote of the people needed to approve larger expenditures. A protest was also voiced against methods used in passing the controversial Polo Grounds Horse Stalls action and a request made for information on procedure whereby the voters could rescind council action.

FOSTER C. SIMONSEN and Horace Rendery of the committee united in declaring yesterday that the sole interest of the group was a sincere desire to help alaynze the issues at hand.

"We appreciate the work the council is doing and our efforts are directed entirely toward a better Palm Springs for all," they said.

Fireworks Permit

Application of Shadow Mountain Club, Palm Desert, for a permit to hold a public fireworks display on July 4 was granted by supervisors Monday.

Action to be Taken on Offer At Board Meeting July 10; Advertise Bonds for Sale

Nine Bids Submitted for Construction of New Hospital; Lowest Bid Higher Than Estimate And Decision to be Reached at Next Session

Construction of the proposed new 38-bed hospital will cost \$496,887 directors of the Desert Hospital district learned Wednesday night when they also announced that advertising for bids seeking the sale of \$300,000 voted hospital bonds will start next week.

Florian Boyd secretary of the Desert Hospital district, who acted as president during the meeting, announced that low bidder for the construction of the new hospital was M. C. Foy and Sons, now engaged in the erection of the San Geronimo Pass Hospital between Banning and Beaumont.

NINE BIDS were submitted, it was announced, ranging from the bid submitted by the Foy concern to a top of \$547,000.

Other directors present when the construction bids were opened included O. A. Torgerson and Harry Plymire. President Kenneth Kirk was unable to attend. Boyd said the low bid would be taken under consideration by directors at the next meeting of the board, July 10.

HE ADDED that the \$496,887 construction figure is approximately \$50,000 more than the proposed sale of the \$300,000 in bonds combined with an additional \$142,000 in the coffers of the Palm Springs Community Hospital, held for hospital construction.

"However," Boyd said, "we hope to save approximately \$30,000 of next year's hospital tax to pay part of the construction cost, with an additional \$30,000 forthcoming the following tax year."

It was apparent from Boyd's statement that directors will negotiate for the construction of the hospital with the low bidder.

"THERE IS another alternate we can pursue," added Boyd, "and that is to cut 8 bedrooms off of the proposed building plan thereby reducing the bed capacity of the hospital by 16 beds. All will be decided at the July 10 meeting, however."

Also present at the meeting was Roy Colegate, attorney for the Desert Hospital district; John Connors, president of the Palm Springs Community Hospital; Mrs. Agnietta Hansen, and hospital administrator, Mrs. Genevieve Valencia.

ARRESTED IN LAGUNA

Robert Cruce apprehended in Laguna Beach on a Palm Springs warrant charging the issuance of fictitious checks, was free on \$100 bail posted with the coast city authorities pending his appearance here.

The budget will be published in the local papers during the latter part of July and a public hearing will be held during the first week in August. This date will be set by the county superintendent of schools.

AT THE PRESENT TIME the amount of bonded indebtedness yet outstanding is \$1,450,000; \$690,000 on the high school buildings, \$690,000 on the elementary school buildings, and \$70,000 which is a hold-over from Banning high school.

The budget will be published in the local papers during the latter part of July and a public hearing will be held during the first week in August. This date will be set by the county superintendent of schools.

As California grows, so grows Palm Springs. Gone are the days when a short drive from the center of the Village carried us to wide open and uninhabited desert areas. And gone, too, are the nightly coyote concerts which intrigued desert dwellers and gave to them the feeling of escape from overcrowded and noisy cities. The pressure of man-made developments, indicative of progress and growth, have brought many changes and headaches. But progress cannot be denied. The old and cherished environments must give way to the new.

People are crowding into California from many States. Our desert wonderland, the beaches and the mountains are the magnets which have brought them to the west coast. These new home-seekers know that in California they can work and play in an ideal climate free from extreme seasonal changes. They want to enjoy the experience of summer in winter.

The rapid growth of Palm Springs presents many unforeseen problems which must be met by the City Council. Opposing forces, organized to place obstacles—however well intended—in the path of our duly elected representatives, only serve to delay the solution of problems. Our job, as citizens of Palm Springs, is to help—not hinder—the City Council. The voice of cooperation is far more effective than the voice of criticism.

Propose New Freeway Into County Seat

Wider, safer, speedier highways between Palm Springs and the coast will be available for local motorists within the next few years under projects submitted to the state highway commission by the state chamber of commerce in session in Los Angeles last week.

Of the major freeway projects recommended, two are of direct interest here and the others indirectly affect the Village.

ONE OF the major freeway projects recommended is widening Highway 60, Beaumont to Riverside over the Jackrabbit Trail, into a four-lane freeway. This would provide Villagers with a faster, safer road to the county seat, to the south coast beaches and into Los Angeles via Mission and Garvey boulevards. It would link the Village with the Santa Ana and Brea canyons roads with a four-lane freeway almost all of the way.

The other major freeway project recommended is development of Highway 99 into a four-lane freeway from Banning to a point beyond Indio where Highway 111 and 99 join. It would eliminate the Banning bottleneck and also provide a four-lane freeway through Indio.

IT WAS BROUGHT out at the Los Angeles meeting that some of these projects, important to Village motorists, may be started before the 1951-52 budget.

Other projects listed include the widening of the only three-lane stretch between here and Los Angeles between Colton and the San Bernardino junction west of Redlands and a new freeway on 99 between the Los Angeles county line and Archibald avenue, eliminating congested traffic through Ontario. A new route through Pomona is also contemplated. These projects will shorten the time and distance to Los Angeles materially.

The Banning-Indio freeway plan has long been under discussion and last year E. Q. Sullivan, highway engineer, recommended to the state highway commission an early action on straightening Highway 99 through Garnet and Whitewater, north of town. The proposal met with strong opposition in those two communities.

ONE BOTTLENECK on the Palm Springs-Los Angeles highway via Redlands is fast being eliminated at present.

Rebuilding of Highway 70 and 99 between Beaumont and the end of the four-lane road out of Redlands, is proceeding rapidly. The length of the project is 9.6 miles and most of the grading has been done. Two paving plants have been established to speed the work.

Just west of Beaumont a grade separation is being built similar to the one at Palm Springs junction. Two of the lanes will be divided by a bridge eliminating the hazard of accidents which have been frequent because the westbound Riverside lane crossed the eastbound desert lane.

AT CALIMESA the road is being realigned to miss the business section of the community. Besides shortening the distance, the re-alignment will eliminate a sharp curve and grade just west of Calimesa where Villagers returning from Los Angeles and coast points have many times been stymied by caravans of trucks and trailers.

The nine-mile project, when finished, will save Villagers many minutes going to and from the citrus country, Los Angeles and the west coast beaches.

Death Takes Mrs. Hinz

Miss Meta Hinz, a resident of Palm Springs for the past eight years, succumbed at Riverside recently and was laid to her last rest in Benkleman, Neb., her former home.

She was the daughter of Mr. and Mrs. William Hinz and spent her girlhood in McCook, Nebraska, coming to Palm Springs in 1942. She was employed at the Doll House here.

She is survived by her parents who now reside in Denver and six sisters and one brother.

New Phone Number For County Sheriff

A new telephone switchboard has been installed in Riverside county sheriff's office and the new number is Riverside 4015. It was announced this week.

Formerly Sheriff Carl Rayburn was reached through the courthouse, switchboard, Riverside 4000.

No More Kittens, Please, Is Mrs. Pavny's Request

Mrs. M. M. Pavny let it be known this week that she has enough kittens and has had enough of this thing of leaving orphan pussies on her porch.

It all started a week or so ago when a strange blond drove up to Pavny's and offered Mrs. Pavny a little kitten. Mrs. Pavny said no but it didn't do any good. The woman set the cat on the porch, got in her car and drove away. Police were unable to find her.

Mrs. Pavny turned that

foundling over to Dr. O. B. McRory.

Then this week another woman drove up to Pavny's and offered a Persian kitten. Mrs. Pavny wasn't there and the surprised Mr. Pavny accepted it. But it didn't stay long. Mrs. Pavny gave the Persian to Sid Canales, driver for the business.

Now, said Mrs. Pavny, she wanted to let the public with pussies to spare, know that she, for one, isn't interested. "I have two Siamese kittens, twins, of course, and that is plenty of plenty for me."

You Can't Shoot That Firecracker

Don't go around expecting to pop firecrackers next Tuesday.

Fire Chief Bill Leonezio says you can't do that.

"It is illegal to have fireworks of any kind in Palm Springs, to sell 'em or to shoot 'em. With the Fourth of July coming up next week, it's wise to remember that."

Fire Marshall Warren Heath added to the warning and said the law would be strictly enforced.

Says County Unprepared

Herman Halverson, chairman of the county Disaster Council, told supervisors Monday that Riverside county and its cities are not prepared for a disaster.

He said the county Disaster Council and the disaster councils of the cities are not getting the support they need to be effective in emergencies caused by war, earthquake, fires, or other disasters.

City Treasurer Robert Peterson is chairman of the local council and has it completely organized. Recently it was reported that the local organization was the only one with a satisfactory setup.

Motorbikes, Firearms Barred from Trails

Supervisors Monday adopted an ordinance making it illegal to carry firearms on state hiking and riding trails in Riverside county.

The ordinance also bans motorcycles from these trails.

Television Plan for Village Discussed at C. of C. Session

Among the many topics discussed at the June meeting of the Chamber of Commerce was one of possible television reception in the area where the line of vision waves do not penetrate.

Elimination of the "brown paper" season, more adequate accommodations for the Chamber office, highways and signs also came in for study.

THE TELEVISION question came up when it was reported that the Chamber had been in communication with some firms eager to establish a re-radiation station on some high point above the Village.

This station would be in line with the Los Angeles TV station and bend the waves, which are now blocked by the mountains the west of town, to local sets.

Directors were interested but saw little early chance for such a station as the cost was held prohibitive. It was estimated such a station would cost between \$60,000 and \$80,000 which will probably discourage any early move in this direction.

DIRECTORS added two entries to the "summer window" contest whereby a \$10 prize will be given the firm, closing up for the summer, which displays the best window. The contest was arranged to discourage the "brown paper windows." The new entries are the Thrifty Five and Ten and Palm Springs Florists.

One of the chief items on the directors' agenda was the matter of Chamber quarters. It was decided that the present offices must either be remodeled or new quarters found. The present offices do not provide sufficient room for the Chamber's activities.

HENRY NORMAN, recently named director, reported on a meeting of the Highway 70 association which he attended in Banning. Plans to bring traffic from the east along Highway 70,

Accident Mars Vacation Journey

Long days in a hospital with more weeks in a wheel chair or on crutches instead of vacation trips around the north-west face Mrs. William G. Parker, wife of Dr. Parker of 501 Calle Abron.

The day after the Parkers arrived at their daughter's home in Wenatchee, Wash., she slipped and fell, fracturing her left hip.

Dr. and Mrs. Parker left Palm Springs two weeks ago last Friday and after a leisurely trip north, arrived at the home of Mrs. M. E. Lamphere, their daughter, a week ago. The day after their arrival Mrs. Parker suffered her accident.

The Parkers will remain in Wenatchee all summer as result of the mishap and plan to return to their home here in mid-September.

Hands Off Say Police

Police last week replaced paper sacks which had been torn from parking meter heads and prepared to mete out appropriate punishment to any caught molesting the out-of-operation machines.

The week before persons, classified by police as having "inoperative brains" ripped the hoods from several of the dormant meters.

County Anti-Smudge Measure Adopted

A law to control smudge smoke in Riverside county was adopted by supervisors Monday.

Only certain types of heaters from which there is a minimum of smoke will be permitted.

County Anti-Smudge Measure Adopted

A law to control smudge smoke in Riverside county was adopted by supervisors Monday.

Only certain types of heaters from which there is a minimum of smoke will be permitted.

passing close to Palm Springs, were discussed.

In that regard, Manager Bill Dunkerley reported on plans for a Palm Springs directional sign to be erected south of Indio on Highways 60-70-99 where it is joined by Highway 111. This sign, designed by Artist Earl Cordrey, would direct tourist traffic through Palm Springs via Highway 111.

AT THE NORTH END of town Dunkerley reported, several business firms, which have advertising signs there, have agreed to put Palm Springs directional signs and distance figures on the bottom of their present displays.

He reported that Sy Slocum of the Lone Palm had placed the invitation to "Make Palm Springs Your Convention City" on his sign.

ED Hawkins, newly elected president of the Junior Chamber of Commerce and recently made a member of the senior Chamber board, attended the meeting in his new capacity.

Directors instructed Manager Dunkerley to write the Junior Chamber of the matter of their courtesy school to be established here in the fall and to offer the help of the senior Chamber in any way needed.

Leaves of absence were granted two directors, Bob McKenzie of Desmonds and George Clarke of Town & Country.

Coachella Valley Savings and Loan Reports Big Gain

Great growth of the Coachella Valley Savings and Loan association was reported this week by W. H. Smith, president, who said that between October 22 and the present, assets have increased to over \$350,000.

The association has made more than a quarter of a million dollars in loans most of which went to help new construction in Palm Springs.

SMITH ANNOUNCED that, according to the state building and loan commissioner's report to Gov. Warren, a copy of which was received this week, the Coachella Valley Savings and Loan association was the only new chartered institution of its kind in the state.

Savings and investment accounts have increased since January 1 of this year 139%, and according to the report nationally for the year, savings investments in all associations amounted to an increase of over one billion four hundred million dollars, the largest increase in history. Eighteen per cent of this increase was in California according to Smith.

AMONG THE STATE-chartered associations in California in which there are 109, not including the 74 federal associations, the total assets exceeded 345 million dollars at the close of the year.

Savings increases for the year in California associations was 11.97% over 1948.

The Coachella Valley Savings and Loan association, according to Pres. Smith, is expected to expand both its savings activities and loaning policies for home construction during the coming year. New loan plans with a longer term and lower monthly payments are under consideration with some reductions in rates to borrowers.

DIRECTORS at their last regular meeting voted to pay interest at the rate of 3 per cent per annum on all of its outstanding accounts as of June 30, interest to be credited as of July 1, 1950.

Fatal Accident Echoed in Court

Alvord G. McGiboney, 22, of Bell, driver of an automobile which left the highway eight miles east of Palm Springs June 18 fatally injuring his aunt, Mrs. Inez Simkins of Indio, faces hearing on a manslaughter charge this week in Indio court.

He is at liberty under \$1000 bail. A coroner's jury was unable to agree on the cause of the accident when it met here last week.

McGiboney's wife, Lois, was injured in the crash. He was unhurt.

Dunkerley Back From Refresher C. of C. Course

A refresher course in Chamber of commerce work, convention plans and publicity for the Village occupied William Dunkerley, Chamber of Commerce manager, on a ten-day trip to the San Francisco bay area and Reno, Nevada.

He attended the United States Chamber of Commerce school conducted this year at Reno, at the University of Nevada. Chamber of commerce managers from 175 cities in 14 western states attended the school with touristic campaign advertising budgets the main topic studied.

New methods in placement of tourists were outlined and Dunkerley is planning to revamp the local reservation system along lines learned at the Reno course.

From Reno he went to San Francisco where he contacted many publicity sources and also conferred on possible conventions for the city.

He discussed convention plans with William Wheeler of the California Medical association and started the ball rolling to bring the state's doctors here in 1952. Their 1950 and 1951 conventions are already planned. Dunkerley said that the CMA lists 10,000 members and is seeking a permanent spot for a convention. Prior to this year, they met for ten years at Del Monte.

Mrs. Dunkerley accompanied him on the trip north.

Strict Sanitation Measure In Preparation for County

Sewage disposal of every dwelling in unincorporated areas in Riverside county will be under control of a new sanitation ordinance given tentative approval of supervisors Monday. The measure would give the county health department the power to govern the method of sewage disposal for each dwelling unit. Before such installations could be made in areas outside of cities, owners of dwelling units would have to obtain a permit from the health department under the proposed law.

THE ORDINANCE has been under consideration for some months and has been previously rejected, Monday, however, supervisors voted to refer it to the county planning commission and County Council W. O. Mackey for study. Indications were that a majority favored the bill.

According to the ordinance, the department could require whatever it thought necessary to protect water supplies from contamination and prevent the spread of disease from sewage.

COUNTY HEALTH OFFICERS have said the county has no effective ordinances at present governing sewage disposal. Owners of dwelling places in the unincorporated territory pretty much write their own tickets.

The requests for the present

Gate City Colored Team at Beaumont

Lyman Oberholte, manager of Beaumont Kivnasis baseball team said his outfit would meet the all-colored San Bernardino Crawlees of the Orange Belt league in an exhibition game tonight at the Pass Stadium, between Beaumont and Banning.

ordinance came from water companies. They said unregulated cesspools were threatening their wells with contamination. The health officers said their investigations showed the water companies are right.

HEALTH OFFICERS said there are present county and state laws aimed against contamination. But they said the trouble is that the department can't crack down on a violator until his sewage disposal system has contaminated water supplies.

They said the proposed ordinance with its permit system would allow the department to prescribe sewage disposal facilities that would prevent contamination before it occurred. They said that in one area it might be safe to allow a relative-

Supervisors Pare Budget By \$258,000

The battle of the budget continued at Riverside today with indications that the final decision may not be reached until August.

The desert area came in for much discussion in budget debates this week with Supervisor Colis Mayflower of the fourth district insisting that \$75,000 be included to provide branch county buildings in the Coachella Valley and tax-payers associations demanding that every possible economy be practiced by the board.

UP TO DATE, supervisors have trimmed \$258,000 from the original draft. The first budget figures indicated county tax-payers would have to raise \$5,059,000. Latest total is \$4,801,000.

County Auditor Ray Hicks predicted that, under the original figure, the tax rate would go to \$2.13 against \$1.50 for the year ending today, providing there was no change in assessments.

At Wednesday's budget figure, the tax rate would be \$2.00.

TAXPAYER GROUPS were still fearing before the supervisors demanding further reductions.

The tax committee of the Riverside County Farm Bureau urged the supervisors to slice another \$300,000 off the budget.

The tax committee said this could be achieved by keeping the county's general reserve fund at \$400,000 instead of \$500,000 and by slicing \$200,000 off the \$400,000 set aside for county buildings during the coming year.

County Auditor Ray Hicks told the supervisors that he thought the county general reserve fund could not be cut safely from \$500,000 to \$400,000.

THE TAX COMMITTEE of the County Farm Bureau urged that the supervisors investigate a method of financing used by Los Angeles county. The committee said no general reserve is necessary under that method.

Hicks said that he would look into it but that he doubted it would be advisable in Riverside county.

The supervisors reached no final decision. Two of the five said they might be willing to adopt the tax committee's recommendations, but it appeared the committee was pretty far from winning a majority of the supervisors.

Summer Excursions Into Village Operated by WAL

In conjunction with several local hotels, Western Airlines has announced reduced summer excursion flights to Palm Springs which are bringing many summer visitors here.

Western Air in Los Angeles announced summer excursion round-trip rates of \$10 with return tickets good for seven days.

Children's round-trip fares are \$1.05. WAL announced that hotel rates have been cut in proportion. The rate reduction amounts

New County Health Officer Plans to Speed Up Activities

No sweeping changes of any immediate announcement of a long-range program for health department of the county is planned, said Dr. Everett Stone, new county health officer who this week launched a sanitation drive on the reservation here.

"You can say, of course, that we'll seek the full cooperation of the physicians in private practice throughout the county, and give them ours. We depend on their help to run a successful department."

"One thing we're going to concentrate on is filling several vacant positions in the department. Several areas in the county aren't getting the public health service they need right now. Blythe and the Palo Verde Valley, for instance, need a public health nurse. We have hopes of getting one there pretty soon now," Dr. Stone said.

Public health nurses give a lot of free medical care to people who might not get it otherwise. Mrs. Madge Linderman is, and has been for a number of years, public health nurse here.

"We're making progress on the control of gnats at Lake Elsinore. . . . We're bringing eating places up to higher standards. . . . we're conducting health and sanitation surveys throughout the county."

He also said: "No, I don't plan any sweeping changes in the personnel of the department. . . . There are very few of the people in the department that I wouldn't hate to lose."

Courthouse Still 53 Miles Away from Palm Springs

Palm Springs is just as far away from the county seat as it was ten years ago.

The county road department, at the request of supervisors, has prepared a new table of distances of various county communities from Riverside and it shows the Village 53 miles from the courthouse.

Idyllwild Summer Numbers Listed

A complete schedule of the Saturday night and Sunday twilight concert programs at the Idyllwild School of Music and Arts this summer was announced Sunday.

An East Indian spring music festival with a cast of 20 launched the series Saturday night, followed by Josef Marais and Miranda, international balladeers on Sunday.

Saturday night programs begin at 8:30 in the Bowman Arts Center. Twilight concerts begin at 5 p.m. in the Atwater Kent Bowl.

The schedule is as follows:
Saturdays—
July 1, Gwendolyn Williams, piano; Adolph Koldofsky, violin; William Vennard, bass.
July 8—Abraham Lincoln—from Boyhood to Manhood. Sculpture lecture and demonstration, Merrell Gage, sculptor, University of Southern California.
July 15—To be announced.
July 22—John Crown, piano; Stephens De'ak, cello.

July 29—Chet Miller, solo dancer, dances of Latin America, the Orient, and America.
Aug. 5—Glenn Swan, violin.
Aug. 12, 19, 26—To be announced.

Sundays—
July 2—Long Beach Symphony Orchestra, Robert Resta, Conductor.
July 9—California Junior Symphony, Peter Meremblum, Conductor.

July 16—University of Southern California Band, Clarence Sawhill, Conductor.

July 23—University of Southern California Orchestra, Ralph Rush, Conductor.

July 30—University of Southern California Chorus, Charles Hirt, Conductor.

Aug. 6—Burbank Youth Symphony, Leo Damiani, Conductor.
Aug. 13—To be announced.
Aug. 20—Lillian Steuber, piano

to 35 per cent.

Planes leave Los Angeles daily at 2:30 p. m. and arrive here at 3:35 p. m. Returning they leave here at 4 p. m. and arrive in Los Angeles at 5 p. m.

The plan marks the first major move on the part of a transportation company and resort owners to make Palm Springs swimming pools and air-conditioned facilities available on a year-round basis, Western Air officials said.

The county supervisors appointed Dr. Stone to the job on Monday. He has been temporary Health Officer since May 15, when his predecessor, Dr. Robert Westphal, resigned to become Health Officer of Sonoma County at a higher salary. (The salary here is \$8200 a year.) Dr. Stone had been an assistant to Dr. Westphal.

He had been associated with the county health department since 1943, running clinics for the control of venereal disease in Riverside and San Bernardino counties. He came to the department from the general hospital of Riverside county where he had served since 1939.

Supervisors ordered the that new highway construction in the past decade might have changed some of mileage figures on their chart, prepared in 1940.

But every city but one was just the same distance from the county seat this year. The exception was Coachella which moved one mile nearer in the decade.

Say Legion Party 'Just Wonderful'

Just wonderful. That's what more than 200 persons who attended the American Legion Bows and Beaus frolic Saturday night had to say about it today. The party was held in the new patio at the Legion hall.

More than half of the number were there for the dinner and the rest came in to join in the community singing, dancing and just a general good time.

Music for square dancing and regular dancing was by an excellent combination furnished by Archie Long.

Don Burns was the big wheel at the affair assisted by members of the committee, Mr. and Mrs. Leon Oliver, Mr. and Mrs. Jay Morrison, Harold Roach and Commander Charles LaRue.

Zone Hearing Set for July 5

Protests against a zone change which would permit expansion of the sewage disposal plant area will be aired next Wednesday before city council. Approximately 150 residents of the Desert and Vista del Cielo tracts have protested the proposed change.

turned over by TVA to Kentucky for state parks—Kentucky Dam state park, about 22 miles from Paducah, and Kentucky Lake state park which is only 15 miles from Murray. It is said that a million people stopped by to visit Kentucky dam last year. Soon the sightseers will be able to cross over it on a bridge that is being attached to one side of its giant abutments. The park at Kentucky lake provides housing, food and recreational facilities and many private auto courts have been built nearby. As excellent facilities for swimming and other water sports as can be found almost anywhere are provided by the state at Kentucky lake park. A contract was let this week for a 50-room resort hotel nearby which will also be operated by the state. Just opened are a number of attractively furnished bungalows which have already been rented for the whole summer. Along the wooded shoreline are numerous private resort homes and many more are in the planning stage.

THE POSSIBILITIES of future development for recreational purposes at Kentucky lake seem unlimited. It's just a few short years since workmen tossed their last red-hot rivet from one to another and completed man's challenge to the nation's third largest river—since its waters backed up into hundreds of little creeks to form embankments which here and there extend for miles back from the old river bed. New facilities will be

Report Progress On Desert-Ocean Short-Cut Route

Reports on progress on the desert to beach short cut highway and re-election of officers marked the meeting of the Coachella Valley-to-Ocean Highway association at Anza last Sunday.

Although but a mile of highway on the route was surfaced during the year, members believe they are beginning to make real progress.

That leaves but five miles to be graded and ten miles to be paved before there will be an all-year highway connecting sand and surf over a route 40 miles shorter for most desert points. Grading of the road between Anza and Palms to Pines highway will be completed within the year.

FLOYD GILMORE, chairman of county supervisors and president of the association presided. He was re-elected as were all other officials of the association. Continental Santa Fe Trailways, which long has planned to operate over the Coachella Valley-to-Ocean highway, actually may be running buses over the route within a short time.

Russell A. Smith, Los Angeles passenger agent for the line, reported that the Interstate Commerce commission has at last issued a "recommended order."

Buses will run from San Diego via Aguanga and Anza to Indio, and thence to the mid-west and east.

OTHERS REELECTED besides Gilmore are: first vice-president, William Ticknall, Anza; second vice-president, George Chapman, Terwilliger Valley; directors, Sylvester Costo and Charles Clark, Aguanga; W. S. Saxman, Murietta; Harry Moore, Floyd Scott and F. C. Nickle, Indio, and Ernest Taylor, Ralph Ford and Arthur Strong, Oceanside.

The association will meet next in August at Oceanside.

To Close Forest Areas Tomorrow To Prevent Fires

Forest closing laws go into effect tomorrow as a fire prevention measure but approximately 25,000 acres of forest and brush land, included in the area in former years, will remain open this year, Norman J. Farrell, forest supervisor, announced the closure edict earlier this week.

The 25,000 acres to be left open this year are located both in the San Jacinto and San Bernardino mountain areas and are mostly broken up into small plots.

Closure maps illustration areas from which the general public without special permits is banned are available free at all Ranger Stations or the National Forest headquarters, Post Office building, San Bernardino.

Closed areas will be posted with appropriate signs.

Only actual residents, going to or from their homes in closed areas, or persons with special permits will be allowed to enter them between July 1 and the end of restrictions next Fall.

What it Would Take to Balance the Budget

(Louisville Courier-Journal)

There is not much doubt that the Senate will vote soon to extend social security coverage to about 10,000,000 more people than the 35,000,000 now under the old-age and survivors-insurance system.

In itself that is not remarkably significant. It would be a good thing if everybody were assured security, once past that indefinite age when productivity ceases. What is significant about the two-party support for extension of coverage is this: It is now generally recognized that the system must be put on a pay-as-you-go basis. Yet, with an eye toward elections, even the most conservative members of the Senate are finding themselves willing to add 10,000,000 to a system which they suspect is financially unsound, leaving to the next Congress a chance to untangle the web.

Chairman Walter George of the Senate Finance Committee, one of the most conservative of senators in either party, produced the bill for extension and at the same time proposes at some future date a general overhaul of the system.

Senator Milliken, chairman of the Republican conference on the pending extension bill, echoes the same idea. And no one has asked, in a voice loud enough to break into print, why 10,000,000 people should be added now to a system which needs to be entirely remodeled anyway.

What is happening is this: Employers and employees, on a 50-50 basis, have paid into the social security fund some 12 billion dollars. The government has borrowed this money for operating expenses, and given in return its blood—just as it does when an individual buys a federal savings bond. However when the employer reaches the required age and starts claiming his accumulated insurance, the government must get the money through taxes. The result is that the insurance money comes out of tax-

ation in the end, and the savings-for-old-age feature is illusional.

It is a matter of bookkeeping, one may say. But the current approach to the subject in Congress is symptomatic. We have come to accept the inevitability of deficit federal financing at a time of extraordinary obligations. This newspaper believes that deficit financing, even under today's tremendous military and foreign commitments, is inevitable only because Congress misjudges the intelligence of the people of the United States.

We believe it would be possible to balance the federal budget were it not for the congressional inclination to preach economy but to vote pet projects aimed unabashedly at the voter. We have in mind particularly the rivers and harbors bill; but the same principle applies to the headlong rush, in connection with excise tax reductions, of congressmen proving to fur dealers, leather dealers, and all the other affected interests, that they are kindly disposed. The result has been not a \$600,000,000 reduction, as President Truman recommended, but apparently a \$1,100,000,000 reduction. Senator Taft, incidentally, who like Senator George is said to stand for ways conservative and sound, is one of those who appears to consider this a "reasonable" reduction.

The same philosophy has operated in agricultural legislation—to a point where million-dollar parity payments can be and are paid out to giant agricultural operators, when price supports were designed primarily to protect the dirt farmer from ruin.

A balanced budget is within the grasp of Congress. It need not cripple defense. It need not jeopardize our world responsibilities. It demands only the realization that the voter and the taxpayer are one and the same, and intelligent enough to know good government.

Independence Day

Fourth of July orations aren't as popular as they used to be. One reason, perhaps, is that the older we grow as a Nation, the dimmer becomes the memory of our revolutionary struggle to throw off the British yoke.

Actually, as any school child knows if he reads between the lines of his history books, the young America did a great deal more in 1776 than establish its independence from British rule. The American Colonies broke from the old order of tyranny that existed everywhere, and established a new concept of self-government that counted individual liberty and freedom valuable above all else.

The revolutionary society that America pioneered came to full flower here. Only a few of the seeds sown elsewhere took root, and many that grew wilted on the vine.

Today, tyranny is nearly as widespread as it ever was. And though America remains a shining example of the kind of life possible under a system dedicated to respect liberty and freedom, there are those among us who are tempted to believe that freedom isn't worth the effort to preserve it.

On every street corner can be found the all-powerful government advocates, the socializers, the timid ones willing to sacrifice their fellows on the altar of security. They have forgotten that the founders of America whose memories we celebrate on Independence Day fought for the success not just of a new country, but a new idea.

Today, the light of that idea shines virtually alone in a world of darkness. But it need never fail unless we put it out ourselves.

Letters

Keep it Neat

Our diadem of the Desert—Palm Springs—should at all times present a pleasing and favorable picture to impress the tourist and furnish those of us who live here the year around, with a glow of pride in possessing one of the cleanest towns in the world. BUT, occasionally there is an eyesore that is unnecessary! For instance, as one walks down Palm Canyon drive, the old historic White estate presents a sorry and tawdry appearance. The picturesque ancient adobe walls are suffering from vandalism.

While it is understood that the present owner Mr. Goldstone intends to improve the property, it would be hardly any trouble at all to have a handy man sweep up the dust of crushed adobe blocks that litter the sidewalk and mar the view of the old cacti adjoining the wall.

AND, there is one section of high wall on Tahquitz Dr. that reminds one of the tower of Pisa. It leans a couple of feet toward the library, and a very dangerous threat to any hapless passerby who might be passing by at the moment of a slight shake, or quake. Playful youngsters could easily topple that particular section, with dire results. The police should lose no time in supplying a safety support to this menace.

Conky Conkwright.

DOWN MEMORY LANE

(From the files of The Desert Sun of the week of June 30, 1930)

Owing to the disbanding of the Palm Springs Fire Department, the question of forming a fire district here has become a hot question. Plans for such an organization are now being made.

The current issue of the National Geographic contains several fine colored photographs of western scenes taken by Fred Payne Clatworthy of the Village.

A move was launched this week by civic-minded boosters to line up some national league baseball games for the Village during the coming season while the clubs are training nearby.

Mr. and Mrs. A. W. Dodd have returned after a month's vacation. They went to Indianapolis.

Hobart Garlick returned to the Village this week after some time spent in Los Angeles at the Hotel Men's convention. He is the owner of the Oasis.

Mr. and Mrs. Charles Chamberlain went to Oklahoma recently to visit relatives. Mrs. Chamberlain will remain there for awhile while he attends to business interest in the mid-west.

Miss Beatrice Thomasen and her sister, Mrs. Floyd Bigley left for Los Angeles the other day.

Ten Years Ago

(From the files of The Desert Sun of the week of June 30, 1940)

Almost 200 men are employed as \$150,000 in new construction is under way in the Village.

Culver Nichols was elected chairman of the county planning commission this week.

Warren Pinney of the El Mirador and George Roberson of the Desert Inn came back to town this week for the meeting of the Chamber of Commerce board of directors.

Mr. and Mrs. Jo Butler and baby will leave for a vacation in Oregon this week.

Glenwood Tompkins, Allen Hall, Richard Outcault, Donald Penderly and Raymond Sorum, local boys attending the American Legion Boys State at Sacramento, were quarantined there this week due to an outbreak of scarlet fever.

Commander and Mrs. Thales S. Boyd motored up from San Diego this week so that he could attend a city council meeting.

California Cavalcade

By CARL KUHN

From Page One—MORE ABOUT

THIS SIDE OF THE SUN

is June 30 and only one person has said so far. Is it hot enough for you? ... Tell him to come back in August.

COMES COMFORT in a postcard from a local woman who writes: "In regard to your comment on the street lights they are trying out—I do believe they should shine down not up. Besides keeping the birds awake, those upward lights aren't doing us pedestrians any good." ... Another comment was: "Never satisfied. Yell for lights and when we get them, squawk." ... Maybe those half-way up lights that shine two ways are best. ... They show off the palms and also show up the jaywalkers. ... Good way to show the latter would be to teach everyone to dim his lights. ... Especially now when most people have the back end of the car loaded with luggage and the heaviest person in the family. ... That shines the lights (auto, this time) up.

WAS READING in a paper from a southland city, nearby, which said, in commenting on proposed highway developments: "Included in the project is widening of three bridges east of the city." ... You see, other people make 'em, too. ... Mistakes, I mean. ... Villager went to Hollywood park at Inglewood on opening day and came back with the comment: "New stands, new flowers, new gooses, girl, new everything except the horses. ... They run just the same. ... Got a five until Saturday?" ... Plan to look into that soon.

MAYBE we're too close to the trees to see the forest. ... Or is that the other way around? ... But Palm Springs must really have something. ... This week heard for the fourth time this season of visitors here one day and Villagers the next. ... Monday night Dr. and Mrs. Dehar Cury Jr., prominent Norton, Va., people arrived in town to visit at the G. K. Zain home. ...

I Rise to Remark

By CONGRESSMAN JOHN PHILLIPS

When I was home, if I may remind those who heard me report on Washington, I said that you would not be satisfied with the tax reduction bill about to be reported by the ways and means committee (which is completely controlled, 15 to 10, by the majority party) and that I hoped you would not be satisfied. I am now prepared to support that statement.

You want the reduction or the removal of excise taxes, and they should be removed. Canada has proved this can be done, and the income still kept up. You will receive, to induce you to support the new bill, a "reduction in excise taxes" but it will not be what you want and it will be accompanied by corresponding increases in other taxes—all of which increases you and you will pay, and these are the same "yous" who are now paying the excise taxes.

IN OTHER WORDS, the present majority party, in order to tell you that it has taken its hand out of your right hand pocket, at least a little bit out, will now put its other hand just as far in your left hand pocket, and in this case, I rise to remark, the right hand knows very well what the left hand is doing.

Corporations are not all big, million dollar institutions, in this country. There are thousands of little corporations. From now on, the government will be asking them to withhold or prepay their taxes, which will require additional costs, and work, and which will further stagnate venture capital.

The 750,000 men and women who yearly want to enter the ranks of workers in the United States, should give some thought to this tax jugglery, just as the consumers, when reading propaganda about "reduced taxes"

to Riverside, down through Santa Ana canyon, turn across the first bridge and then look for Firestone boulevard. ... That takes you right to it.

should keep in mind that about 17% of the things they buy with some regularity, will now have to be increased to offset those "reductions." You may be able to buy a fur coat with only a 10% instead of a 20% tax added, or to go to a movie or the theater and pay only a 10% tax (which I think ought to come off altogether) but how about your telephone and light and gas bills, which will increase after this bill goes into effect. The ways and means committee mountain has labored, to bring forth, not a mouse, but a tax rat, to gnaw at the roots of our economy. I am particularly perturbed at the insidious blow to one of the strong features of our system, the ability to grow and expand and try out new ideas, for which "venture capital," as it is called, has been largely responsible. "Tax the corporations" is a tempting campaign cry for demagogues, but if you don't know by now where the corporations get their tax money, just wait patiently until your bills come in after this new tax bill becomes a law, and you'll find out.

WE WILL PROBABLY vote on this bill, in the House, the day this weekly letter appears in the district. How will I vote? A no vote could record my dislike for the bill, but a yes vote would give a few people the slight reductions they'll get individually on items from which the excise taxes will be removed or reduced. You will pay the tax collectively, but it will be less obvious. The minority members of the committee voted 8 to 2 against reporting the bill; the majority voted for it because, so they say, the President sent down word that he would veto any bill reducing excise taxes, without corresponding increases

on other taxes. The thought of reducing the costs of government has not reached the White House, nor, for this summer, Blair House. I shall vote for a motion to recommit, if there is one, as I hope, to reduce excise taxes, without the corresponding increases, and since I expect such a motion would lose, I think I shall then figuratively hold my nose and vote for the bill on the final vote.

What Price Broken Bones?

If someone falls while on your property they'll probably feel for broken bones first, then look around for someone to sue. Your only solid protection in this case costs very little. It is liability insurance. It costs very little.

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is ... **YES!**

Union leaders' answer to Board is ... **NO!**

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified

In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS
AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

- Chicago Great Western Railway Company
- Chicago, Rock Island & Pacific Railroad Company
- The Denver & Rio Grande Western Railroad Company
- Great Northern Railway Company
- The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Brother of Villager, Visitor Here, Amazed at Changes

Col. I. J. Frisch, M. D., of Chicago, who came to the coast to attend the Shrine convention in Los Angeles, paid a visit at the palatial home of his brother, Harold and family, in Las Palmas estates before continuing on to San Francisco to take part in the American Medical association convention in progress there this week.

In 1937, on his way to Los Angeles where he was awarded, from England, the Sir Henry Wellcome International Gold Medal for his studies and research on "The Contributions of the World War to the Advancement of Medicine" he visited Palm Springs and was amazed

at the growth, beauty and change in the Village since that time.

A regular visitor to Florida each year, he changed his plans for future vacations when visiting here last week and intends to come to Palm Springs each winter instead.

He was impressed by the Village's appearance and the hospitality of the Villagers during his short visit here. Having been active in American Legion affairs and a past commander as well as a member of the Legion, he was delighted to see World Wars Memorial hall and much interested in the Legion's active part in the community.

Palm Desert Sunbeams

By EDITH EDDY WARD

A few weeks ago, Ole Olesen of Olesen and Johnson fame, "Guest wrote" this column. Now, we turn the Sunbeam on Ole Olesen, with Paul Schofield as "Guest Writer". Mr. Schofield is a well-known Hollywood film writer with "Fargo" and the silent "Beau Geste" to his credit, which won him the Photoplay gold medal. His current story "Santa Fe" is now being filmed by Columbia. This column was written just before the "Hellzapoppin" show which was staged by Ole Olesen at the Shadow Mountain Club last Monday.

By PAUL SCHOFIELD

"As we go through life, there's a heap of living along the way—but I've found you have to slow up to enjoy it."

This quotation is hardly the type of thinking one would expect from a man who for months has been recuperating from an almost fatal automobile accident—an accident which, entirely aside from the pain and suffering, has cost many thousands of dollars through postponement of a show which was to have opened two days after the accident.

But, as my first meeting with "Ole" Olesen went on, I found that it was exactly the type of thinking that one may expect from him.

IT TOOK this accident to "slow up" Ole Olesen, after thirty-seven years of "laying 'em in the Virginians, Here on Visit Now Villagers

Dr. and Mrs. D. Cury of Norton, Virginia, are guests at the home of Mr. and Mrs. G. K. Zain, 1480 Mesquite, and are being shown the desert and the southland by their hosts, Mrs. Cury is Mr. Zain's niece.

They arrived Monday and by Wednesday Dr. Cury who has two hospitals in the Virginia community, had become so impressed by the desert that he started negotiations to become a home owner here.

By Wednesday evening, he was.

He bought the house built by James Cavett at 1525 South Calle de Rolph and the Curies plan to make this their vacation spot.

Culver Parker handled the deal.

Arrowhead Full Of Villagers, is Word from Burke

From Anthony Burke at Lake Arrowhead comes word of the opening this weekend of Lake Arrowhead Yacht club and of the activities of many Villagers there.

Burke is manager of the Yacht club clubhouse this season and has with him as assistant manager Vivian Peterson, Mrs. Charles Farrell's sister, from the Racquet Club, Jean Nagle who is in charge of children's activities at the club, Bill Brown of Desert Air hotel, in charge of dining room, bar and kitchen, Ed Jones, tennis pro from Shadow Mountain Club who is in charge of the courts at the club, John Grant and wife Sophie from Thunderbird, in charge of the gardens, and many others. Roy Randolph will take his Chi Chi troupe to the mountains for the opening Sunday.

Burke writes that he has already met many Villagers at the mountain resort and that more are coming.

Mr. and Mrs. Edward Bacon, well known Villagers, are on their way home from a motor-tour through Europe covering 9800 kilometers in 57 days. They sailed on the Isle de France last week.

WEDDING BELLS—At the left, Mr. and Mrs. Richard T. Tyre who exchanged vows in San Francisco after receiving University degrees, he at Stanford and she at California at Berkeley. Mrs. Tyre is the former Elizabeth Glaser of Los Angeles. Right, Mr. and Mrs. George R. Rodman who were wed here in a garden ceremony at the home of the bride's parents, Mr. and Mrs. Chester Upton. Circle drive. She is the former Jean Inez Upton.

Villager and L.A. Girl are Wed in North

Commencement day also was the wedding day for a Village young man and a Los Angeles girl.

Richard H. Tyre, son of Mr. and Mrs. Jack Tyre of Palm Springs, and Miss Elizabeth Glaser, daughter of Mr. and Mrs. M. Glaser of Los Angeles, exchanged vows in San Francisco last week following their graduation from Stanford and California, respectively.

The bridegroom won high honors at the Stanford commencement a week ago being awarded a Bachelor of Arts degree with great distinction and was made a Phi Beta Kappa.

The bride was graduated from UCLA with a Bachelor of Arts degree with honors in June 1949 and continued her studies at California university at Berkeley winning a Bachelor of Librarian Science there this month.

A reception at the Cliff hotel, San Francisco, followed the wedding ceremony.

Mr. and Mrs. Tyre will make their home in Palo Alto upon their return from their honeymoon.

She's Five and There's a Party

Little Yvonne Studebaker was five last week and in celebration of the event her parents, Mr. and Mrs. Arthur Studebaker were hosts at a merry party to her little friends at their home, 3987 Sunny Dunes road.

Games and a picnic dinner made it an enjoyable afternoon.

Helping Yvonne celebrate were Mary Frances and Susan Marie Corcoran, Barbara Finerman, Jimmy Prendergast, Kenny LaRue, Tahne and Jimmy Akers, Billy and Bucky Osborne, Patty and Geoffrey Patzner, Vivian and Candy Schied, Stephen Piper, Warren Bedwell and Yvonne's brother, Ronald James Studebaker who only a week ago celebrated his seventh birthday.

Many Events Scheduled In Southland During July

July is the month when the "world's biggest yacht race," and also the world's biggest square dance, will be held in Southern California. The Grunion fish "run" in the Grunion Derby. The "Symphonies Under the Stars" open in Hollywood Bowl, and the Midsummer Drama Festival at the Pasadena Playhouse. The month is packed with an untold variety of colorful events, according to the roundup released today by the All-Year Club, the Southland's community tourist organization.

The world's biggest square dance will be held during the Diamond Jubilee celebrating Santa Monica's 75th birthday, July 9-15. Over 900 squares will cover three city blocks. The 100-mile road race patterned after the 1916 Vanderbilt Cup Race will be revived, featuring some of the original cars and drivers. There will be water polo, surfboard ballet, water skiing, and sailing, swimming and paddleboard races.

The "Flight of the Snowbirds," held July 30 at Newport Harbor, is the world's biggest regatta in point of numbers—150 of the little Snowbird sailboats owned by youngsters. Humphrey Bogart and other nautical movie stars often "crew" for the kid skippers.

mer Drama Festivals, June 20, with eight plays by modern playwrights including "Peace in Our Time" by Noel Coward, "One Foot in Heaven" by Irving Phillips, "Ligh. Up the Sky" by Moss Hart.

ART MASTERPIECES again come to life during the Festival of Arts and Pageant of the Masters at Laguna Beach, July 22-Aug. 6. Costumed artists pose against life-size painted backgrounds, climaxing with Da Vinci's "Last Supper."

Huntington Beach combines a California Centennial Celebration with the 43rd Annual Orange County Patriotic Celebration July 1-4. There will be a two-hour parade on July 4th, pageant, closing of the "Queen of Hearts," and fireworks.

Redondo Beach stages an Aqua Fiesta July 28-30, with water sports, a fish fry, beach floor show, and a pageant tracing California history from the Indians to airplanes.

Alhambra and neighboring San Gabriel Valley communities vie in friendliness during "Hi Neighbor Week," July 15-22. Festivities include golf tournament, parade, barbecue and aquacade.

At La Habra, there will be a Corn Festival July 29 in the City Park with vaudeville, booths, crowning of a queen, and two dances.

THE ANNUAL Semana Nautica celebration (Spanish for "Nautical Week") will be staged on Santa Barbara's seashore July 1-4. The program includes regattas, water and land sports. The Days of '49 will be recreated at Lakeside July 22-23 with games, auctions, barbecue, cake sale, and dancing.

HUNTINGTON BEACH holds the annual Grunion Derby July 1-3, 16-19, and 30-31, when, at high tide, with the moon just right, the little fish flop up on the sand to spawn—and be grabbed by eager grunion hunters for a beach fry.

Hollywood Bowl opens its 29th season July 7 with "Faust," Dr. Arthur Rodzinski conducting. The Pilgrimage Play, in its 23rd season, opens July 14 with Nelson Leigh in the role of Christ.

Pasadena Playhouse opens the sixteenth of its famed Midsummer Drama Festivals, June 20, with eight plays by modern playwrights including "Peace in Our Time" by Noel Coward, "One Foot in Heaven" by Irving Phillips, "Ligh. Up the Sky" by Moss Hart.

MORE HELP WANTED To Bring About Wiser Spending of Our City Income

DO NOT BE MISLED or lulled into inactivity by all this talk of tax reductions. The city has 21 different funds or pockets where money is kept. Transfer of funds is accomplished by merely taking out of one pocket and putting it into another.

FOCUS YOUR ATTENTION on total expenditures by city pockets or city departments—EXPENDITURES DETERMINE YOUR PROPERTY TAX RATE.

A FEW HIGHLIGHTS FROM CITY RECORDS OF EXPENDITURES:

IF WE HAD AN EARTHQUAKE and our city buildings and contents were destroyed or as they become worn out and obsolete we would be faced with borrowing approximately \$800,000 to replace them. That is, unless we had accumulated a replacement or depreciation fund in keeping with sound business practice. Quoting from City Manager Russell Rink's article in The Desert Sun, June 23: "Burdening the taxpayer with unnecessary depreciation reserve is poor practice... the retirement of bonds... constitutes a reserve for replacements because the bonding power of the city is increased with every payment on the principal."

IT'S NO BURDEN to the taxpayer to save city income for replacement of buildings through accruing a depreciation fund or for any other rainy-day needs. Does any home owner consider the amount he reduces the mortgage on his home as cash to be used for some other purpose? NO! He will have to obtain a new loan if he hasn't saved the money.

CITY EXPENDITURES determine the property tax rate—the tax rate does not determine the expenditure. If therefor follows that IF expenditures are kept in balance and made wisely, the property tax rate will be lower.

THE CITY COUNCIL as the duly elected representative body of the people is responsible to the people for all city income (regardless of source) and all city expenditures. THE CITY MANAGER and other city employees are hired or fired by the city council and NOT by the taxpayers. Hence, city employees are responsible to the council and not to the taxpayers.

THE CITY COUNCIL appropriates money from city funds for all expenditures and also determines the policy for all city government activities—the city manager and other employees carry out the council's instructions but they are not responsible to the taxpayers for the success or failure of the council's decisions. Let's look at some of the records of our city's spending.

(A) The city is obligated now for the largest bonded indebtedness in the history of the city; about \$1,000,000. This is in effect a mortgage on taxpayer's property.

(B) The city property tax collections have increased by a total of 160 per cent during the past three years.

THE FOLLOWING IS A COMPARISON OF TOTAL EXPENDITURES FOR THE FISCAL YEARS OF 1943-44 through 1946-47 as compared to 1947-48 through 1949-50 plus the proposed 1950-51 budget:

(A) PUBLIC WORKS: We have spent or budgeted \$641,327 during the past three years plus the new budget. This is 3 1/2 TIMES THAT SPENT DURING THE PREVIOUS FOUR YEARS.

(B) FOR CITY PLANNING, spent or budgeted, \$40,990. This is 2 1/5 TIMES THAT SPENT DURING PREVIOUS FOUR YEAR PERIOD.

(C) FOR LEGAL SERVICES. We have spent or budgeted \$27,404. (This does not include special legal services.) This is 2 TIMES THAT SPENT DURING PREVIOUS

FOUR YEAR PERIOD.

(D) POLICE DEPARTMENT. We have spent or budgeted \$351,183. This is 2 TIMES THAT SPENT DURING FOUR YEAR PERIOD.

(E) FOR CITY BUILDINGS, OFFICE EQUIPMENT: (These are fixed investments that require maintenance and upkeep expenditures and cash reserves for replacement or depreciation.) Spent or budgeted approx. \$800,000. THIS IS 17 TIMES THAT SPENT DURING PREVIOUS FOUR YEAR PERIOD.

(F) SO-CALLED ADVERTISING: (Chamber of Commerce subsidy.) We have spent or budgeted \$69,242. This is 35 TIMES THAT SPENT DURING PREVIOUS FOUR YEARS.

THE VALUE of some of these expenditures are apparent but there is a portion that indicates unwise spending and budgeting. It is obvious that the presently proposed rate of spending is up—UP—UP—UP at a clip that spells more property taxes.

NOW LET'S TAKE A LOOK at one of the five propositions voted for in bond election over a year ago.

PROPOSITION NO. 1—Amount voted \$490,000.00.

Construction of:	Amount Spent
1. Grandstand and ring for rodeos, horse shows and other events	\$430,500.00
2. Recreation and service buildings	0.
3. Picnic facilities	0.
4. Baseball and softball diamonds (partially completed)	0.
5. Tennis and badminton courts	0.
6. Children's playgrounds and other recreational facilities	0.
7. Acquisition of property for park	31,000.00
8. Park fixtures, ground and building equipment	0.
9. Park furniture and furnishings	0.
On Proposition No. 1 We Have Spent	\$461,500.00

DO NOT BE MISLED by which one of the 21 funds or pockets from which this money is taken—as all city moneys belong to the taxpayer and finally the property taxpayer must make up deficit spending through increased taxes.

WE STAND FOR THE FOLLOWING:

No. 1—Wiser spending of the city's income in the interest of a majority of the taxpayers on a sound business basis.

No. 2—Balanced city budget.

No. 3—Lowest possible city taxes.

No. 4—All bond money to be spent for exact purposes voted.

No. 5—Steady growth and improvement for all of Palm Springs.

The only necessary qualifications to join this organization is that you sincerely believe in, and will work toward, accomplishing the above five principles for our city. This is a non-profit organization working for the good of all Palm Springs and composed of Palm Springs citizens, Villagers, winter residents and Reservationists.

You can join by sending your name and address—No dues.

HELP SAVE OUR CITY TAX MONEY BEFORE IT'S TOO LATE!

PROPERTY TAXPAYERS COMMITTEE FOR CITY ECONOMY

Dr. Goldberg

Village Visitor

Looking over Palm Springs for the first time since early in World War II last week were Dr. and Mrs. Lou Goldberg. Dr. Goldberg set up the first medical center here for the army. They were guests of Abe Adelman and his sister, Mrs. Charles Busch.

Dr. Goldberg was providing medical care for soldiers stationed here and operating in a tent, even before the days of Torney.

They stopped over here en route from their home in Des Moines to the American Medical association convention in San Francisco.

Biggest and smallest blossoms will get awards in the Orange County Dahlia Show July 28-29 at Santa Ana.

Santa Barbara's County Fair is held July 19-23 at Santa Maria, exhibiting 1500 head of livestock and agricultural entries. The Santa Barbara Horsheshow and 19th Agricultural District Fair is set for July 11-16 at Pershing Park, Santa Barbara.

GIRL SCOUTS DEDICATE HOOVER MEMORIAL IN IDYLLWILD AREA

Riverside County Girl Scouts Sunday dedicated the Lou Henry Hoover Memorial Forest at their Axalea Trails Camp in the San Jacinto mountains.

J. Hugh Jackson, dean of Stanford's graduate business school and president of Kiwanis International, gave the dedication address. He told the several hundred people who had gathered in a sunny mountain glade of the former First Lady's contribution to the Girl Scout's nature program.

The area was dedicated as part of a national Girl Scout program of memorials to Mrs. Hoover. It is the fourth such area to be set aside, the first

in California.

JACKSON, A FRIEND of the Hoover family, read a message from former President Hoover stating that "in the light of Mrs. Hoover's devotion to the out-of-doors and 25 years of service to girl scouting, I can think of no more fitting memorial."

Jackson said that Mrs. Hoover had been interested in wilderness areas and nature beauty since the days when she tramped through the Sierras with her father. He told of her contribution in building the Girl Scouts from a struggling organization of 13,000 when she joined it in 1917 to

the established national organization of more than 800,000 which she left at her death.

THROUGH THE YEARS, Mrs. Hoover served in various capacities in the Girl Scout organization—council member in Palo Alto, commissioner in Washington, national vice president, member of the national board, president and honorary president. She was also leader of her own Girl Scout troop in Washington for ten years.

Riverside County Girl Scouts, who opened camp at Axalea Trails a week ago, played an active part in the program. They appeared as buglers, as a color guard and in the ceremony in which a dedicatory plaque was unveiled.

There was music by a Girl Scout chorus and by John Gurney of Riverside, former Metropolitan Opera Company singer.

Plans for the dedication were handled by a committee headed by A. B. West and T. E. Gore. West presided and introduced Dean Jackson.

Dr. David Cooper To Speak Sunday

Dr. David L. Cooper, who recently returned from the new state of Israel after spending more than two months there observing present conditions will be the guest preacher at the Community Church this Sunday morning. His subject at the eleven o'clock worship will be "The Restoration of the Jews and the New State of Israel." Dr. Cooper is well known as an author and lecturer and is president of the Biblical Research Society.

We look forward to hearing him again as he returns to the Palm Springs pulpit this summer, said the Rev. James H. Blackstone Jr., who leaves this week on his annual vacation.

Sunday School will be held at the usual hour, 9:45 a.m. Classes will be provided for groups of various age levels. Eight young people from the Village will leave Sunday for Forest Home to attend the Junior High Conference. Dave Macpherson will be counselor for the three boys, Marion Weeks, Wendell Veith and Dick Blackstone. The girls attending are Wilma Roy Roberts, Dorothy Roberts, Donna Robertson and Betty Robertson.

Check Hearings Slated for Four

Four men were awaiting bad check case hearing before Judge E. E. Theriault this week as the result of three arrests in other cities and one here, Sgt. Durman Ordway, in charge of the local police had check detail, said yesterday.

Arrested for local police in Laguna was Robert Cruce, in Newhall, Joe A. Owens and in Merced, W. C. Porter. All are accused in Village worthless check cases.

In city jail is Woodie C. Porter, 31, negro, arrested here after passing two asserted worthless checks.

Village Market Fountain Policy Change Revealed

Herman Reich of the Village Market announced yesterday that a new policy had been inaugurated at the fountain in the store, under management of Mrs. Blanche Hopkins.

The lunch counter will be open at 7 a. m. to serve breakfasts, he said, as well as lunches and dinners.

The Village Market, closed Sundays during the summer, will be open this Sunday, however, and closed Tuesday, July 4, he said.

Church Discontinues Service for Summer

Services will be discontinued at the Christian Science church for the months of July and August, it was announced today by Christian Science Society, Palm Springs.

Services will be resumed at the church building on Sunday, September 3.

The reading room located in the Center will also be closed during the summer months.

Two From Village At Redlands U.

Two students from Palm Springs are among the 913 registered for summer school at the University of Redlands for the first session that began July 26. The six-week first session concludes July 28 followed by a five-week session from July 31 to Sept. 1.

Outstanding features of the first session includes the conference of the education of Spanish-speaking children, jointly sponsored by the state department of education and the university.

Special courses in the second session include a workshop in audio-visual education, coaching clinic and a workshop in driver education and training.

Attending from Palm Springs are Wayne F. Reynolds, a graduate of the University of Redlands in 1947, of 3781 Camino San Miguel and Eleanor M. Hall of 1029 El Alameda.

Legal Notices 75

NOTICE OF SALE OF REAL AND PERSONAL PROPERTY AT PRIVATE SALE
No. 303,264

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF LOS ANGELES.

In the Matter of the Estate of MARY PERRIN, also known as MRS. MARY PERRIN, also known as MRS. FREDERICK H. PERRIN, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned Executor will sell on or after the hour of 10 o'clock A. M. July 10, 1950, at the office of his attorney, Thomas T. Robinson, 820 A. G. Bartlett Building, 215 West Seventh Street, Los Angeles 14, California, at private sale, to the highest and best bidder, subject to confirmation thereof by the above entitled Court, all of the right, title, interest and estate of the above named decedent, which said decedent had at the time of her death, as well as all the right, title and interest which has since accrued to the above estate, by operation of law or otherwise, since the death of said decedent, other than or in addition to that of said decedent at the time of her death, in and to the real and personal property described as follows:

PARCEL 1: Real Property. All that certain real property situated in Road District Improvement No. 16, Coachella Valley County Water District, Palm Springs Police Protection District, County of Riverside, State of California and particularly described as follows, to wit:

Lot Five (5) of Palm Springs Estates No. 3 as shown by map on file in the office of the County Recorder of the County of Riverside, State of California, in Book 17 of Maps, at page 34 thereof; also known as Verde Vista Apartments, 1470 North Palm Canyon drive, Palm Springs, California.

PARCEL 2: Personal Property. Household furniture and furnishings, linens and equipment in the building on said premises, at time of sale.

Said described real and personal property will be sold as is, separately. Bids for the purchase of said real and personal property must be in writing and will be received by the undersigned Executor at said office of said attorney at any time after first publication of this notice and before the making of sale. Sale of said real property is to be made expressly subject to conditions, restrictions, covenants, reservations, rights, rights of way and easements of record, if any, affecting said property, the lien of 1950-51 taxes, and any order or ordinance of the City of Palm Springs, or of any other governmental or public agency creating or dealing with zones.

Terms and conditions of sale: Cash in lawful money of the United States, on confirmation of sale, Ten (10%) per cent of the bid is to be deposited with the bid.

DATED this 16th day of June, 1950.
GEORGE OSKO
Executor of the Will and Estate of MARY PERRIN, also known as MRS. MARY PERRIN, also known as MRS. FREDERICK H. PERRIN, Deceased.

TRAVEL--ALONG

With JAN and GEORGE OLMAN

Remember when you were very small, lying awake at night and you'd hear the whistle of a train far, far away? Or a plane droning overhead and you wonder where it was going?

Don't you still feel there's nothing in the whole world more exciting than going on a trip? Planning and anticipating the fun? Packing a suitcase, getting on the plane, train, or ship? Its Adventure with a Capital "A" and that you may not be able to take the trip right now—this column will appear periodically to give you food for travel "new things to come" in the vacation world—new rates—what to wear—handy items for packing—etc!

AND FIRST and most important of all to us Villagers enjoying Palm Springs this summer, is the new excursion rates of Western Airlines to and from Los Angeles! Only \$10.00 round-trip (plus Uncle's \$1.50 tax for the seven day excursion period)! In other words, instead of fighting the traffic back and forth, you can fly in and fly back within seven days for only \$11.50 tax included! (quite a saving from the \$17.37 regular rate!)

We're getting dizzy! Everything is going Round-the-World! First the announcement of three brand new all-american ships on the American President Line commencing service next January and April! To Hawaii, Japan, Philippines, China, India, etc! (The January sailing is already sold out!) Then the CARONA, the ship that made the fabulous cruise last winter around South America and Africa is now going on a CRUISE! Departing from New York and stopping en route at various ports including Acapulco, she will pick up additional passengers at Los Angeles and then sail on to Hawaii, Pacific paradise with its leis, green landscapes, and brilliant beaches; Pago Pago; Suva, Capital of the Fiji Islands; New Zealand; then Bligh and George Sounds, whose scenic grandeur rivals that of the Norwegian fjords, and on to Sidney, Australia! Bali, Singapore, Colombo, and eight days ashore to visit the Taj Mahal, the Jasmine Tower, and other fascinating and exciting sights in India! Bombay, Luxor, Alexandria, Cairo, the Sphinx and Pyramids of Gizeh! Haifa, Mediterranean gateway to Israel; Athens; Naples; side trips to Sorrento, Amalfi, Capri, Pompeii, Rapallo, Genoa, Rome, Villefranche! Shall we stop right here? or continue on to Gibraltar, Lisbon, Cherbourg and Southampton? And how about staying in Paris for the "Spring" and return later to New York! Ahhh....

AND NOT TO BE OUTDONE by the larger ships, the Norwegian Stella Polaris with its friend

ly intimacy of only one hundred and forty one passengers, is sailing in January from New Orleans for a 134 day cruise around the world visiting the South Seas, Bali, Singapore, African ports of interest, and then to really make it a "comprehensive round-the-world trip"—they include South America too!

Everyone has been Hawaii-minded this year and summer space on the ships have been fairly well sold out all along. However for those interested in late summer vacations—August and September—space is available and what fun to be had! Ask Lillie Goff or Henrietta Parker! They have just returned from their cruise to Honolulu on the LURLINE and you should hear them rave! And like every one else, besides the charm and beauty of Hawaii, they so enjoyed the friendly warm hospitality of the Hawaiians! They really make you feel they're glad you're there! And if you want more raves—ask the Jack Williams and Helen about their flight from Honolulu to the Big Island to see the spectacular performance of Mauna Loa!

And speaking of Hawaii, Mr. and Mrs. Frank Camp arrived on the LURLINE on June 24th in time to visit with Ruth Hardy and Mrs. Charles Dant who were boarding the LURLINE to return to the Mainland that same day!

All for now—more coming. Any questions?

Bond Sales Moving Up

Sales of government E bonds in Riverside county jumped from 28.2 percent to 43.7 percent in a week's time, according to Tom H. Holland, local chairman, who said that only nine business days remain until July 4, closing date of the drive.

Palm Springs has time to meet its quota of \$17,150" said Holland. "If safety-minded investors of this community will compare these government E bonds with any other investment in the world they will buy them. The bonds pay a good rate of interest, they are non-taxable by state or county, they can be cashed at a moment's notice and they are the ultimate in safety. Let's keep Palm Springs in the 100 percent class," he said

2 Trains Halted By Rail Strike

Two of the Southern Pacific's crack trains to Chicago were cancelled this week due to the switchman's strike. The Golden State is not running and the Imperial is covering only the S.P.'s own trackage.

The Southern Pacific is not affected by the strike but the Rock Island is and trains run jointly by the two companies are temporarily cancelled.

Coastal service and the Sunset route to New Orleans are still in full operation.

At Village Theater

Summer hours go into effect July 5 at the Palm Springs Village theater according to Earl Strebe, owner. From Mondays to Fridays the box office opens at 6:45 p.m. on Saturdays and Sundays the show is continuous from 1:45 p.m. on.

Bankruptcy Sale

Going Business

The above will be offered for sale at 324 Federal Building, Los Angeles, Cal., at 10 A. M., July 13, 1950. Bids will be accepted up to time of sale by the undersigned. Large well equipped market, soda fountain and lunch counter. Also complete fixtures and equipment and merchandise on hand. Building with living quarters and apartments and real property located at Fern Valley, Idyllwild, California.

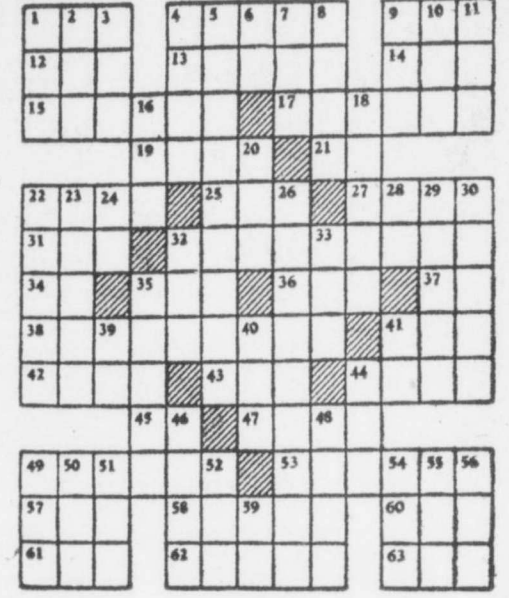

ED W. DENT, Trustee

Business & Professional

That sounds like a fantastic figure but that's the amount of money required to make things happen when you flip your electric switch. And those millions represent only the capital investment in property, plant, and equipment necessary to generate electrical energy and transmit it to you. They do not reflect the cost of maintenance materials and supplies, taxes, and interest, or the wages and salaries of a small army of skilled plant, field, and office workers needed to produce electricity and keep it flowing without interruption to home, farm, office, or factory. That price tag on the switch may seem high, but it's not exaggerated!

Permits for Four Dwellings Issued Here This Week

Four more dwellings were started in Palm Springs in the past week and with pools, alterations and additions, June building was given another boost as the month came to an end.

P. M. Swart of the building department said dwelling permits issued for the past week went to L. Oliviera, 1254 San Lucas, Kilborn Dean, contractor, \$11,000 and to J. S. Pawline, 1052 Mesquite, \$12,700. Two pool permits were issued, one to F. S. Fenton, 1480 Paseo El Mirador, \$3,000 and one to Billy Wright, 1025 Arquilla, \$4,000. Reg Jones has both contracts.

Last week dwelling permits were issued to Jessie Turner Dering, 1252 North Riverside drive, C. F. Rossbrook, contractor, \$7,000 and to Morrison, Wade and Reid, 1474 San Lucas, to cost \$8,400.

Other permits were issued to Thelma Grove, 254 North Palm Canyon, addition; Ralph Nesmith, contractor, \$100; Dr. Julius L. Kaplan, 267 Vereda del Sur, pool, Don Selzer, contractor, \$4,000; Desert Finance company, 1022 Mesquite, Pascal Construction company, addition, \$1,000.

Herrera's Speed Puts Two in Jail

He doesn't look so streamlined but when he gets going he goes. That's John Herrera of the local police force and because he can outrun a lot of people, two men were in custody this week.

Herrera came upon Eugene Landrey, reservation negro, and Chris Saubel, Agua Caliente tribe member, as they were involved in an asserted liquor transaction.

Now, there's a law against selling intoxicants to Indians and when the pair saw Herrera approach, they took off. Herrera, in his report, said he chased Saubel a full quarter mile before nabbing him, in something approaching the record for the 440 yard dash.

Saubel was turned over to the U. S. Indian commissioner and Landrey is in jail awaiting hearing on the Indian liquor sale law.

TAXPAYERS GROUP ASKS FOR DATA ON ELECTIONS

(The following letter was submitted to Mayor Charles Farrell and city council members this week by the Property Taxpayers Committee for Economy.)

Gentlemen: Being a group of property taxpayers in the City of Palm Springs, we respectfully ask that your honorable body supply us with the following information:

1. At the present time there are \$185,000.00 worth of City Bonds lying idle and costing the taxpayers \$4,625.00 per year. Should it develop in the near future that the project for which these bonds were voted cannot be completed for an indefinite period, will you kindly supply us with the information for the necessary steps to be taken, for example, so that these Bonds might be redeemed by means of the will of the majority of the people of Palm Springs thru an election, to this expenditure.

2. A sum in the amount of \$29,500.00 of the taxpayer's money is annually turned over by the City to the Palm Springs Chamber of Commerce. As we believe this expenditure is not in the best interest of the majority of taxpayers, we respectfully ask that we be provided, for example, with the procedure necessary to rescind such a type of subsidy. Will this require a vote by the majority of the people?

3. At the June 21st Council meeting a contract of approximately \$35,000.00 was awarded for Horse Stalls and Arena Lighting to take care of a Horse Show for The California State Horseman's Association, to be held in October, 1950. It is our understanding that this large expenditure was definitely promised and committed, by vote of Council, about the middle of May, 1950. This action of obligation the City took place BEFORE bids were taken and funds appropriated. It is our further understanding that when the awarding of this contract came up on the agenda of the previous council meeting the voting on the award was postponed because it was known that there were not sufficient "yes" votes to pass it. As we believe this procedure is confusing to the public and definitely discourages public debate on the issues involved, we kindly ask that you supply us with necessary information, for example, to accomplish a rescinding action by majority vote of the people of Palm Springs.

4. To protect the majority of taxpayers from exploitation by minority groups (especially in the summer months when a representative body of property taxpayers are not present) will

you kindly supply us with the necessary procedure that could be taken by the voters, to limit City appropriations to, for example, \$10,000.00 for Capital expenditure, with larger amounts to be provided by vote of the people.

5. There are several projects on our Bond issue items, which after fourteen months are not completed. Is there a method or what are the steps to be taken to insure the prompt completion of these Bond projects in accord with the voted specifications.

6. We would appreciate an expression from the Council as to your attitude regarding the matter of taxpayers submitting written recommendations to the Council, with respect to problems confronting the Council and taxpayers. Also what consideration will be given by Council to the 12 written recommendations we submitted to your Honorable Body at the Council meeting of June 21st.

We would appreciate a prompt reply to EACH of the inquiries in this letter. We want you to know that we do appreciate the work your Honorable Body is doing, and we assure you that we are sincerely trying to help by analyzing the issues at hand. PROPERTY TAXPAYERS COMMITTEE FOR CITY ECONOMY

Start Pack Trips To Tramway Site

Pack train trips from Idyllwild to the site of the upper terminus of the Tramway were started last week by Cliff Campbell, local horseman and stable owner. The trips are to Long Valley, Round Valley and Desert View.

Campbell said that the trips will continue throughout the summer months and those desiring to make the trip should write to him at P. O. Box 12 Idyllwild. His pack train is stabled at the Idyllwild Dairy corral.

Those desiring to make the trip are urged to bring their own bedrolls and nothing else "but toothbrush." Campbell declared. Good grub and steaks are on the menu around the chuckwagon as well as cowboy music around the camp fire at night.

6- LOTS OF ACTION GIVEN G FANS ON SOFTBALL LOT

By DICK MCGONAGLE

Wednesday night's battle for first place brought out the season's first capacity crowd, and the fans got all the action they could ask for. This should prove that whenever two good teams are matched Palm Springs will turn out en masse.

The Mexican Colony is alone in first place now, but their one-game lead is far from comfortable, for the three teams deadlocked in second spot all believe they belong on top and are impatient for the chance to prove it.

Tonight's game pits the San Jacinto Merchants, currently leading a fast county league, against the Palm Springs Merchants, who dropped a close 4-3 decision to them in San Jacinto two weeks ago. It should be well worth seeing.

Next week the top ten batters will be listed in this column as well as the home run leaders. At present George Ellis of Desert Hot Springs is tops in both departments, batting at a .517 clip, and having five HR's to his credit.

The standings, including June 28th:

	W	L	Pct	GBL
Colony	6	1	.857	
Merchants	5	2	.714	1
D. H. S.	5	2	.714	1
Legion 519	5	2	.714	1
Youth Center	4	3	.571	2
Cathedral	1	6	.143	5
Jr. Chamber	1	6	.143	5
Legion 615	1	6	.143	5

HERRERA HITS TWO

Big John Herrera smashed out two home runs which gave the Mexican Colony a 7-6 overtime win over the Owen Coffman Legion Post Wednesday night, also giving the winners sole possession of first place.

Herrera tied the score at six-all with his first blow, coming in the seventh inning when one mate aboard, when the situation was dark for the Colony. In the ninth his game-winning drive sailed "way over the centerfielder," heading toward the airport when last sighted.

Kay Komura rapped out three hits for the Legion, including a two-run double in the seventh which gave the vets their 6-4 led. Ben Prieto collected his

fourth homer of the season in the fifth frame.

Legion 519 100 021 200 - 4 16 3
Colony 200 110 201 - 7 11 0
Talavera and Allen; F. Prieto, B. Prieto and Canales.

JAYCEE SMOTHERED

Blasting three Jaycee hurlers with an 18-hit barrage, the Merchants rolled up a 20-5 score Tuesday night, to strengthen their grip on third place. A season's mark for home runs was reached; Sandeffer, Crossley and McGonagale collected for the Merchants. Ted McKinney for the Jaycee. Jerry Fortunato had a perfect evening, getting four hits and a walk in five tries. Nine errors, most of them in the outfield, hindered the Jr. Chamber in the early innings.

Merchants 200 020 000 - 20 5 0
Jaycees 500 000 000 - 5 9 0
Sandeffer, Tichenor and Sandeffer; Hayes, Scott, Shaw and Smith.

ELLIS SOCKS FIFTH

George Ellis socked his fifth home run of the season as Desert Hot Springs downed Cathedral 10-4 Tuesday night in Desert Hot Springs. Fireball ace Ben Botts was not present, but wasn't missed as Johnny Owens turned in a one-hit performance after relieving Shieke in the third inning. Six errors by the Cats prevented the score from being closer, most of them coming with men on base.

D. H. S. 200 002 000 - 10 4 4
Cathedral City 500 000 000 - 4 3 0
Shieke, Olvera and Ellis; Marques and Banlaqui.

MERCHANTS WIN, 9-0

Bill Tichenor of the Palm Springs Merchants held an improved Cathedral City nine to two hits as his teammates banged out nine and played errors ball to blank their rivals 9-0 last Thursday night. The game was scoreless until the fifth when Joe Sandeffer doubled to score two. From then on in, the Merchants were in full control. Al Crossley and Ski Ziebie hit homers for the winners.

Merchants 000 023 3 - 9 0 0
Cathedral City 000 000 0 - 0 2 5
Tichenor and Sandeffer; Marques and Banlaqui.

25 IN TWO INNINGS

Desert Hot Springs had the idea that it was cricket, not baseball, and in two big innings, smothered Legion Post 615 at Desert Hot Springs Thursday night.

Getting away to a five-run lead in the first three innings, they scored ten in the fourth, took a breather in the fifth and came back with 15 in the sixth. Botts held his foes to one hit.

Legion 615 000 000 0 - 1 2 2
D. H. S. 104 (10/0/15) x - 20 21 2
Reynolds and Smith; Pellumi; Botts and Ellis.

COFFMAN POST WINS

Six runs in the opening inning proved the edge which enabled Owen B. Coffman Post, American Legion to trim the Youth Center Friday night at Desert Hot Springs 11 to 5. The Legionnaires collected 18 hits.

After the first inning it was an even game, five runs each.

Legion 519 020 000 3 - 11 18 1
Youth Center 301 001 0 - 5 8 1
Talavera and Allen; Smith, Jones and Malone.

COLONY ON TOP

Junior Chamber of Commerce players got a little careless with the ball Friday night and bowled to the Mexican Colony team 3 to 13.

Frank Prieto went the route for the victors yielding four hits.

Jr. Chamber 003 000 0 - 4 4 2
Mexican Colony 22 224 x - 13 16 3
Hayes and Smith; F. Prieto and Puentes

TEEN-AGERS TRIUMPH

Fourteen hits combined with three errors by their opponents enabled the Youth Center to trim Legion Post 615 13 to 3 last night.

Legion 615 000 000 0 - 3 9 6
Youth Center 515 200 x - 13 14 2
Reynolds and Smith; Jones, Smith and Malone, Black.

County's Quail Population Growing Rapidly, Report

Quail are coming back to Riverside county and quail guzzlers are responsible, John Laughlin, zone manager for the state fish and game commission told members of the county conservation commission meeting at Idyllwild this week.

Surveys made in 1949 and 1950 showed an increase of 76 birds per guzzler of those checked. In 1949, the guzzlers averaged 27 birds each. In 1950, the same quail watering holes averaged 103 each.

The quail guzzler is a large underground container built to hold a six month supply of rainwater. It is so constructed so that only birds and small game can enter for water.

In Riverside county, 169 guzzlers have been installed by crews under the supervision of the Bureau of Game Conservation.

This county leads in the quantity of guzzlers. Because quail do not migrate far, watering holes are essential for survival. During the past few years the drought has taken a great toll of Southern California quail.

The quail have had to move into more arid regions because of the spread of agriculture and habitation in the native breeding grounds.

Members of the county conservation commission also discussed the possible modification of the boundaries of Game Refuge 4-D. This refuge, located on the eastern slopes of the San Jacinto mountains, was established as a desert bighorn sanctuary.

8-The Desert Sun Palm Springs, Fri., June 30, 1950

Fishing is Good At Tahoe; Place Full of Villagers

"The fishing is good up at Lake Tahoe and Villagers will not be homesick for the sight of a familiar face."

So said Sgt. Jim Maynard of the Palm Springs police department who spent three days at the mountain resort. He and Don Myers, who accompanied him, brought back five beautiful lake trout, the largest weighing seven and one-half pounds, "evidence," Maynard said, "of the good fishing on the lake."

"And talk about Villagers at Lake Tahoe," Maynard added, "the area around the lake is swarming with Palm Springers."

Valley Marksmen To Attend Shoot

Several members of Coachella Valley Rifle and Pistol club will leave this weekend for Santa Barbara to watch and take part in the regional championship rifle shoot to be held July 1 and 2. They plan to remain over July 4 to witness the aquatic sports.

Planning to attend are Mr. and Mrs. Warren James, Mr. and Mrs. John Carlson, Mr. and Mrs. Jack Moore and son, Billie, and Mr. and Mrs. M. E. Cameron, all of Palm Springs.

In the party will be Mr. and Mrs. Henry Withrow, Dr. and Mrs. John Tyler and Mr. and Mrs. George Thomason of Indio; Mr. and Mrs. H. F. Bennett of Coachella and Mr. and Mrs. Bangs Tapscott of San Bernardino.

The fish were taken from the Gulf of California at San Felipe, 135 miles south of the California-Mexico border. Salinity and temperatures of the gulf at that point were believed approximately the same as in Salton Sea.

An aerated circulating water tank was mounted on a truck to transport the finny pioneers here. Groups sponsoring the transplanting experiment were the U. S. bureau of marine fisheries, the Imperial Valley fish and game conservation assn., the

It will be deep sea fishing in more than one sense of the word when Salton Sea's new arrivals are ready for the hook. There'll be deep sea fish and it will be deep in the desert—250 feet below sea level.

Salton Sea, 50 miles from Palm Springs has been stocked with more than 200 game fish, specially selected to survive in the ultra-salty lake where water temperatures always are high.

The fish were taken from the Gulf of California at San Felipe, 135 miles south of the California-Mexico border. Salinity and temperatures of the gulf at that point were believed approximately the same as in Salton Sea.

An aerated circulating water tank was mounted on a truck to transport the finny pioneers here. Groups sponsoring the transplanting experiment were the U. S. bureau of marine fisheries, the Imperial Valley fish and game conservation assn., the

It may be corn but customers just love show. Villagers are great lovers of the legitimate stage no matter how corny the productions are and the "The Farmer's Daughter" is purposely enacted as laugh-provoking "corn" as indicated by the crowds that continue to jam the Lounge of the Chi Chi every Tuesday night.

About to go into its fifth week the all-Village cast of the show continues to play to standing-room-only and was witnessed and loudly applauded by Ole Oleon of the famed comedy team of Oleon and Johnson and Edmund Goulding, famous motion picture producer and director.

Impressario Roy Randolph has been loudly and laudably praised for the stage production as well as the two nightly classes in dancing he has been conducting Monday and Wednesday nights for Villagers.

"The dance instructions in the Charleston, Samba, Rhumba, round and square dancing is free to any one desiring to learn," announced Irwin Schuman, proprietor of the Chi Chi. He and Randolph both urged Villagers to attend the classes as well as the show on Tuesday nights.

Thursday enabling the Teen-agers to pull out of the cellar. Eleven of their 13 runs were scored in the first three innings.

BUNTON'S ONE-HITTER, UPSETS, IN BOY'S LOOP

Johnny Bunton threw a one-hitter at Desert Hot Springs as the Lions' Cubs ran wild for a 19-0 triumph Wednesday night. The Cubs put the game on ice in the first inning, scoring nine times, including a home run by Bob Broes. Joe Casada, Ruben Fontez, and Ronnie Canales each collected three hits.

The 8:00 p. m. time limit ended the game after six innings.

D. H. S. 000 000 0 - 19 18 0
Cubs 500 100 000 - 1 0 0
Blackhart & Dillinger; Bunton & Driskel.

FIRST BIG UPSET

The Lions' Cubs no longer boast an unblemished record. The board of strategy figured the Del Tahquitz Indians would prove no trouble last Thursday and decided to give their ace pitcher, Johnny Bunton a bit of rest.

The Indians got to Roger Clark in the first three innings for three runs and while Bunton went in and held them hitless thereafter, Dewey Jean of the Indians was fashioning a two-hit game which kept the

Cubs a long way from home. Last Cubs 000 000 0 - 2 2 0
Indians 201 000 x - 2 3 1
Clark, Bunton and Paul Jean and Parker.

DHS BLANKED
Jack Moore pitched two-hit ball Friday night and Pete's Pioneers came back from their upset of the night before at the hands of the Del Tahquitz Indians to trim Desert Hot Springs 5-0.

The Pioneers got all of their runs in the first inning, batting around. The attack was featured by a home run by David Martinez with two men on.

Pioneers 500 000 x - 5 0 0
Desert Hot Springs 000 000 0 - 0 2 0
Day and Dillinger; Moore and Avila.

GET REVENGE
Monday night Pete's Pioneers didn't take any chances with the Del Tahquitz Indians and socked them 12 to 1 to make up for the loss the week before.

Jack Moore scattered seven hits and kept the Indians at bay. He also led the attack, getting three hits out of four trips to the plate.

Pioneers 013 071 0 - 12 12 1
Indians 000 001 0 - 1 2 0

Rainiers Move Into Fifth Place
Seattle Rainiers, who took their spring prepping in Palm Springs were within a half game of the first division yesterday after taking their second game in a row from San Diego on their home lot.

The Suds have won their last eight series and are now in fifth place in the Coast League, a half game behind Portland which stands fourth.

The club will be back here for training next spring.

It may be corn but customers just love show. Villagers are great lovers of the legitimate stage no matter how corny the productions are and the "The Farmer's Daughter" is purposely enacted as laugh-provoking "corn" as indicated by the crowds that continue to jam the Lounge of the Chi Chi every Tuesday night.

The Beachcomber

PALM SPRINGS CALIFORNIA

CONKY writes the ads and trims the window—

VIVY sells the duds and trims the customers.—Ye Ed.

NOT A RESTAURANT: SOMETHING LIKE MRS. FRANCES BENWAY'S FAMOUS SHOP OF THE SAME NAME & SAME PURPOSE DOWN AT NEWPORT BEACH.

DROP IN SOMETIME, JUST TO SAY 'HOWDY. BUT I WARN YOU! YOU'LL FIND THAT YOU WILL HAVE LOST YOUR SALES RESISTANCE WHEN YOU PAW OVER OUR SAND-SUN-WIND AND WATER TOGS AND DUDS—VIVIAN.
